

# Drum Dolly with Handle for 1 x 205L Drum

Product Code: BA652, BA651

Bunds Australia Drum Dolly with Handle is designed and built to move around containers up to 205L while containing small leaks and spills. Ideal for tight workshops which restrict the movement of large equipment such as forklifts.

The Drum Dolly's 620mm wide steel handle and swivel castors make it easy to maneuver around narrow spaces. Braked castors provide stability when loading or unloading, static placements and storage.
