

Funnel to Suit 205L Drum with Lid

Product Code: BA673

Drum Funnel with Lid covers the entire top surface of standard 205 litre drum. Purpose built to drain used oil or liquids into the drum through its sloped channels. It has a strainer to eliminate large objects going into the drum.

The lid allows storage of drums outside. It helps to prevent contamination and damage caused by rust, dirt and moisture.

The Funnel to Suit 205L Drum with Lid has excellent resistance to most chemicals and acids.
