

# Single IBC Bunded Pallet

Product Code: BA850

All bulk containers (IBC's) must be banded to comply with regulations, which means the bund must contain the largest container should it spill. This unit offers a cost effective and space saving solution, without compromising quality.

## PRODUCT FEATURES

- For storing 1 x 1000L IBC
- Exceeds Australian standards with capacity of 1150L
- Corrosion resistant
- Manufactured in Australia
- Engineer certified SWL of 1,650kg

Solid tapered lip for maximum rigidity & longevity

Forklift & pallet truck friendly

Nestable for transport
