

MAXBund Poly Shroud & Bund (including Frame & Fixings)

Product Specifications

Product Code: MXP6510

Product Features

The MAXBund Poly Shroud & Bund is ideal for use in tight spaces where you need to store liquids in different DG classes next to each other. It provides a safe barrier between incompatible chemicals.

The MAXBund Poly Shroud & Bund comes assembled and ready for use. Designed to withstand harsh climate with its super heavy-duty Polyethylene construction. Manufactured in Australia.

Complies with Australian Standards AS3780, which specifies a bund must contain:

- a. 25% of the aggregate volume of liquids kept; or
- b. 110% of the capacity of the largest container kept.

Super heavy-duty Polyethylene construction for harsh climates
